### Equipment Wraps are a Great Way to:

- Heighten brand awareness
- Allow customers to identify your brand instantly
- Advertise using one of the most inexpensive forms of advertising
- Provide an easy and versatile color change for equipment
- Maximize your sales

Visual Marking Systems is proud to be the exclusive North American provider of equipment wraps for Micro Matic beverage dispensing systems and solutions.

VMS makes it easy to sell the added benefit of wrapped units to your customers. When it comes to custom designed equipment wraps, there are no limits! If you can dream it, Visual Marking Systems can make it a reality! VMS has many original high resolution patterns to choose from as seen below. We can also use customer supplied artwork or custom build a pattern as well as match a specific color.
